

## **Biography from BLAIR TROTMAN**

“Kia Ora Rotorua Whanau,

We are stronger together, and I believe I am the right person to lead you, as Local Union President, together moving forward. I enjoyed serving the Local as Vice President through our industrial action and would love to further that.

Kia Tika, we do the right thing for our people, is why I am standing. I have a positive working relationship with our Secretary and GM Grylls and see that as essential moving forward and dealing with issues that arise for our Local.

I am still new and have lots to learn and am certainly under no illusions on this front, however, I love a challenge and would like to have the opportunity to further represent our people and uphold our amazing contract.

I would like to continue building on our transparency as a Local, where possible, and foster positive relationships with Management to achieve the best results for you. Our people are our most important asset and representing you all in a fair and positive light is my number 1 priority.

Kia Kaha  
Blair”
