

## Terry Bird

I am standing for the position of Vice President Northern Branch. I have been active in the Auckland Local Committee for about 5 years and I am currently Auckland Local President. Since becoming an elected union official I have been very frustrated with the pace that FENZ is able to do anything. They are so bogged down in collecting evidence that they can't see the evidence in front of them. My Goal is that we build better relationships with our FENZ leaders and are able contribute and achieve mutual outcomes.

So far progress has been incredibly slow but I feel like there are signs that we can achieve things together.

Currently

- Auckland Local President
- An NZPFU rep on the Staffing Working Group that was established as part of the last contract settlement.
- Union Rep on the Type 3 acquisition working group.

A vote for me is a vote leaning toward moderate. I want to influence FENZ toward resolving issues that affect us, I am prepared to be patient where I think there is a chance of progress. Equally, I am prepared to hold FENZ accountable where decisions and a lack of action result in a poor outcome either for our members or the community we serve.
