Contribution to Service Delivery Coordination Centre – Response to COVID 19

On behalf of Fire and Emergency New Zealand, I would like thank you for the contribution that the NZPFU has made to Fire and Emergency's Service Delivery Coordination Centre (SDCC) throughout our response to COVID 19 to date.

The key principles that Fire and Emergency have been operating under throughout the response is to keep our personnel and our communities safe. The work the SDCC has undertaken, and continues to do, has helped keep our people and our communities safe during challenging and unprecedented times. Having Alan Collett, Warwick Le Quesne, and Justin Murtha working with the SDCC has been an important and valued part of the response.

I am extremely proud of the work that the SDCC has delivered during this time, the efficiency in which it was delivered, the professionalism shown, and the dedication of all of those involved.
