

## **Sulu Devoe**

I am standing for the position of Auckland Local President.

I have been in the Fire Service and a Union member for 42 years. I have been an Officer for 33 years and currently an SSO in City Station Green Watch.

I have been a Union official since 2004 and became President in 2018.

I have advocated for the rights and welfare of all our members including the non-ratification of our previous contract because it did not address the chronic issues that we face in Auckland such as cost of living, Medical co-response and its impact on our members' welfare.

We have started to address some of those issues but we have many more challenges ahead with the restructuring of FENZ.

If elected, I look forward to working collaboratively with the new National Council and our Local Committee to continue advocating on all issues that affect our members here in Auckland.
