

My name is Terry Bird and I am seeking a position on the Auckland Local Committee.

I have been a Union member for all my working life including over 30 years in the Auckland Brigade. I have been on the Auckland Local Committee for less than a year and have found the work challenging and interesting and would like to continue.

There are challenging times ahead and the Auckland Local Committee has an important role advocating for our members.

Vote for me, I will work hard for you.
